EDITORIAL COMMENT.

The ticket got in only four minutes ahead of Friday.

Wheat dropped to \$1 in Chicago Saturday and corn to 70 cents.

Fire of unknown origin destroyed liquor warehouse at Paducah Saturday, at a loss of \$150,000.

German papers at home and abroad are coming out strong for Hughes and thereby helping Wilson.

It is all right to start a boom for Ollie in 1920, but the first thing in order is to elect the 1916 ticket.

Sixteen of the smaller warships have been ordered to Mexican waters as a precautionary measure.

Gen. Von Moltke, a nephew of the old Field Marshal of 1871, died Sunday. He retired in 1914.

V. C. McCormick, the new chairman of the National Committee, is editor of the Harrisburg, Pa., Patriot.

Lloyd-George is said to be slated for Kitchener's successor, in spite of the growing prejudice against hyphenated names.

There is another call for rags in some Kentucky towns at two cents a pound, and the wise husband will keep an eye on his winter clothes.

Carranza's answer to his insolent demand that troops be withdrawn is backed by calling out 100,000 more soldiers. He ought to understand that.

Jno. M. Glover, aged 50, married his mother-in-law, Mrs. Frances Dove, aged 58, at Petersburg, Ind. Glover had been a widower 5 years and Mrs. Dove a widow one year.

Just Ice Hughes is the name applied to the Republican presidential nominee by a wag. He is noted for his coldness.—Big Sandy News.

*And his running mate is not a hot tomale.

The Big Sandy News, M. F. Conley's paper, has picked up mightily since the editor ceased to be a prison commissioner. Almost any ardent patriot can draw a salary, but not every man can edit a newspaper.

One of candidate Hughes' pictures shows him with his whiskers parted on his chin and combed sideways. He will be stepping in the same directions before the campaign is much older.

The Owensboro Messenger of Friday contained a picture of "Urey Woodson, of Kentucky, conversing with Mrs. Harrison Foster, a delegate to the St. Louis convention from the state of Washington." Both of them were smiling and both had on hats. The lady's hat had a feather in it, but Urey's, while it had no feathers, was jauntily perched on the back of his head. The paper did not say what they were talking about.

The Court of Appeals Friday ousted Hazelip and the commissioners elected by his organization in Paducah last fall. Only one, L. A. Washington, beat out his organization and was left in office. Two of the ousted officials were elected by Hazelip without belonging to his machine and they were applicants for appointment by the Governor. These are Mayor Ernest Lackey and Commissioner Geo. C. Wallace, both Democrats. Hazelip is said to be a Republican boss of the worst type.

Mrs. Madeline Force Astor, the Titanic widow of John Jacob Astor, was married yesterday to Wm. K. Dick, a wealthy sugar refiner of Brooklyn. Her first husband was 46 and she was 19 when they were married in 1911. By re-marrying, she must give up the income of a trust fund of \$5,000,000 and the Astor residence in New York. Her son, now 5 years old, was born after his father's death. The will left him \$3,000,000 in trust. The new husband is an old sweetheart, 29 years of age.

CARRANZA JUST LIKE VILLA PROVOKES WAR

TO BE MOBILIZED ALONG MEXICAN BORDER TO RELEASE REGULARS FOR SERVICE IN THE FIELD—A TOTAL OF 100,000 TROOPS CALLED OUT AND IF WAR COMES IT WILL BE MADE A SHORT AND DECISIVE CONFLICT.

Washington, June 18.—President Wilson has called out the militia of every state for service on the Mexican border.

Secretary Baker issued the following statement:

"In view of the disturbed conditions on the Mexican border and in order to insure complete protection for all Americans, the president has called out substantially all the state militia and will send them to the border, wherever and as fully as General Funston determines them to be needed for the purpose stated.

WILL DISTRIBUTE DUTY.

"If all are not needed, an effort will be made to relieve those on duty from time to time so as to distribute the duty.

"This call for militia is wholly unrelated to General Pershing's expedition and contemplates no additional entry into Mexico, except as may be necessary to pursue bandits who attempt outrages on American soil.

"The militia are being called out so as to leave some troops in the several states. They will be mobilized at their home stations where necessary recruiting can be done."

QUOTA OF STATES.

The proportionment of the militia which will actually be sent to the border has been determined upon by the war department. For Kentucky and Tennessee the quota will be:

KENTUCKY—One brigade of three regiments of infantry, one company signal corps, one field hospital, one ambulance company, at Fort Thomas.

TENNESSEE—One regiment and two separate battalions and three separate companies of infantry; one troop of cavalry, one field hospital, ambulance company, at Nashville.

LOOSE FLOOR TOBACCO SALES

To Continue Until July 1st To Clear Up Remnants.

At a meeting of the Tobacco Board of Trade Monday it was decided to reconsider the action closing the loose floor sales today and Friday, June 30, was set apart as the closing date for auction sales on the Hopkinsville Loose Floors. The receipts have continued so heavy that it is evident there is still a good deal of unsold tobacco attracted from far and near by the prevailing high prices.

Will Meet at Ashland.

The Kentucky Press Association will meet at Ashland July 10 and we "view with alarm" that one whole day is given up to a discussion of good roads by people who will go loaded for bear. We have seen several press meetings almost ruined by Dr. Butts with speeches on woman suffrage, education, prohibition and political subjects supposed to be left at home when the boys go out for recreation. Now we are to have still other discussions to interfere with press topics. No other professional or trade association wastes its time on outside matters and why should the K. P. A.?

MEMORIAL EXERCISES

Of Evergreen Lodge Held Sunday at Westminster Church.

The annual memorial exercises of Evergreen Lodge No. 38, Knights of Pythians, to honor the memory of their departed dead, were held Sunday in connection with the morning services at Westminster Presbyterian church. Dr. A. S. Anderson, the pastor, delivered an address appropriate to the occasion, and a most delightful musical program was carried out.

Five-foot Clover.

Mr. W. C. Crenshaw of Howell exhibited in this office Saturday a sample of his crop of "sapling" clover that measured 58½ inches in length and is not yet in blossom. Mr. Crenshaw has six acres of this clover set aside for hay that will make two tons to the acre without fertilizer. One of his neighbors with the same kind used lime and his crop was ready to cut two weeks earlier.

Trial Today.

The trial of Capt. Hans Tauscher, indicted in connection with the alleged plot to dynamite the Welland Canal, will open today.

NO ABATEMENT OF INTEREST

In the Revival at First Baptist Church, Which Still Continues.

Rev. M. A. Jenkins preached three powerful sermons Sunday at the Baptist church and the revival is continuing with unabated interest.

There will be services to-day and to-morrow and perhaps longer. Dr. Jenkins is trying to make his arrangements to stay at least throughout the week.

There have been 15 or 20 additions so far. The crowd Sunday night was one of the largest of the meeting.

Dr. Jenkins' subjects are announced as follows:

This Morning—"The School of Grace," a sermon on the second coming of Christ.

Tonight—"The Dead Line."

Wednesday Morning—"Our Journey Home." This will be a service especially for the old people.

Wednesday Night—"The Devil's Traps for Men."

The hours are 10 o'clock in the morning and 7:45 o'clock at night. A cordial invitation is extended to the public to attend.

CZERNOWITZ CAPTURED

Russians Take Capital of Bukowina—Germans Check! Russ Attacks on North.

FRENCH FRONT QUIETER

Italians Holding Out With Better Success—Airships Active.

London, June 19. — Czernowitz, capital of the Austrian crownland of Bukowina, is in the hands of the Russians and the Austrians who had held it are in retreat toward the Carpathian mountains.

Hard fighting took place in the capture of the Czernowitz bridgehead and in the passage of the river Pruth, but when finally the Russians gained the right bank of the river the Austrians evacuated the capital, leaving 1,000 prisoners and some guns in the hands of the Russians.

To the north, in Galicia and Volhynia the Russians are meeting with desperate resistance on the part of the Austro-Hungarians and Germans, some of the latter of whom are declared by Petrograd to have been brought from the French front in an endeavor to aid in stemming the Russian advance.

While Petrograd asserts that the Russians are repulsing the counterattacks, pressing the Teutonic allies farther back and taking from them large numbers of prisoners and quantities of war materials, both Vienna and Berlin report victories for their arms in Galicia and Volhynia.

VICTORIES FOR TEUTONS.

Vienna says that north of the Lipa river in Galicia, the Austrians put down a Russian attack, gaining ground and took 900 men prisoners, while Berlin asserts that along the Styra on both sides of Kolki and between the Lutsk road and the Turya sector the Germans under Gen. von Linsingen repulsed Russian attacks and captured 3,446 Russians and some guns.

Fresh attempts by the Germans against the French positions northeast of Verdun met with no success, says the French war office and the Germans suffered heavy casualties in their attacks delivered against Le Mort Homme and Thiaumont sectors.

FIGHTING IN THE AIR.

On the French front much fighting in the air has taken place. A British flyer brought down a German machine and French aviators accounted for seven others. The French lost one machine.

As yet the Austrians have not withdrawn troops from the Italian front because of the Russian offensive in the east, says the Rome communication and they are continuing their violent efforts to break through the Italian line. Their efforts, however, are meeting with no success, the attacks being put down with heavy casualties.

Austrian air squadrons have bombarded numerous towns in northern Italy.

Kick Breaks Arm.

Henry Stewart, while shoeing a horse yesterday morning, was kicked on the arm by the animal and the small bone of the limb was broken.
